

You're Invited to a Physician CME, Nurse and Registered Dietitian CE Group Viewing Event

Applying MFGM and Human Milk Science to Improve Nutrition for Infants and Toddlers

Rafael Jiménez-Flores, PhD, brings his extensive expertise in dairy chemistry and technology to describe how dairy-processing advances have isolated and purified milk fat globule membrane from cow's milk for supplementation to infant formula. Dr. Jiménez-Flores also reviews the structure and composition of MFGM and its biological activity, as well as the evidence for cognitive development and immune system support.

Accreditation and Certification

The Annenberg Center for Health Sciences at Eisenhower is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Provider is approved by the California Board of Registered Nursing, Provider #13664, for 1.0 contact hour.

Credit Designation—Enduring Material

The Annenberg Center for Health Sciences at Eisenhower designates this enduring material for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Annenberg Center for Health Sciences at Eisenhower is a Continuing Professional Education (CPE) Accredited Provider with the Commission on Dietetic Registration (CDR). Registered dietitians (RDs) and dietetic technicians, registered (DTRs) will receive 1.0 continuing professional education unit (CPEU) for completion of this program/material.

Provider number AC857
Activity number 141948

 American Association of Nurse Practitioners
Annenberg Center for Health Sciences is accredited by the American Association of Nurse Practitioners as an approved provider of nurse practitioner continuing education.
Provider number: 040207.
This program is accredited for 1.0 contact hour.
Program ID #5622-EM2.

Learning Objectives

At the conclusion of this activity, participants should be better able to:

- Describe how dairy processing advances have isolated MFGM for supplementation to infant formula
- Examine how purified MFGM from cow's milk added to formula is similar in composition and bioactivity to human milk

Annenberg Center for Health Sciences is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

A maximum of 1.0 contact hour may be earned for successful completion of this activity.

This activity is supported by an educational grant from **Mead Johnson Nutrition.**
