

You're Invited to a Physician CME, Nurse and Registered Dietitian CE Group Viewing Event

Clinical Recommendations for Reducing and Preventing Food Allergies

Hugh Sampson, MD, and **Marion Groetch, MS, RDN**, examine the importance of optimal nutrition in allergic children, as well as the latest evidence for introducing allergenic foods. The faculty discuss the link between food allergies and poor nutrition and growth; communicating strategies for nutritionally complete elimination diets; assessing and mitigating nutritional risk; the LEAP, EAT, and PETIT studies; solid food introduction and allergies; and the role of skin barrier maintenance in preventing allergies.
