

You're Invited to a Healthcare Professional CE Group Viewing Event

Nutritional Care of Preterm Infants: New International Guidelines

Renowned professor **Berthold Koletzko, MD, PhD**, defines recommended nutrient intakes to meet individual physiological requirements for growth, health, and development of preterm infants based on scientific evidence presented in the new guidelines for preterm nutrition. Dr. Koletzko shares insights to identify preterm infants who benefit from parenteral nutrition from day one, more amino acids and phosphorus, and early provision of lipid emulsions. Dr. Koletzko highlights protein needs and sources, while prioritizing mother's own milk with sufficient fortification. Dr. Koletzko also emphasizes the many benefits of DHA and arachidonic acid and the need for supplementation.

After viewing, go to <https://pnce.org/gv/60062> to complete a short assessment and get your certificate.

Target Audience

This education was designed to support physicians, nurses, advanced practice clinicians, registered dietitians, and other healthcare professionals who have an interest in newborns, infants and toddlers.

Learning Objectives

At the conclusion of this activity, participants should be better able to:

- Define adequate nutrient intakes to meet physiological requirements for growth, health, and development in the individual preterm infant
- Recognize the importance of early introduction of nutrition in preterm infants through fortification of human milk formula that includes DHA and ARA

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Annenberg Center for Health Sciences at Eisenhower (Annenberg Center) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

The Annenberg Center designates this enduring material for a maximum of 0.5 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Annenberg Center designates this enduring activity for a maximum of 0.5 American Nurses Credentialing Center (ANCC) contact hour.

Provider is approved by the California Board of Registered Nursing, Provider #13664, for 0.5 contact hour. *To receive credit for education contact hours outside of the state of California, please check with your state board of registered nursing for reciprocity.*

Registered dietitians (RDs) and dietetic technicians, registered (DTRs) will receive 0.5 continuing professional education unit (CPEU) for completion of this program/material.

 **ANNENBERG CENTER FOR HEALTH SCIENCES**
AT EISENHOWER
Imparting knowledge. Improving patient care.

**Commission on
Dietetic Registration**
the credentialing agency for the
Academy of Nutrition and Dietetics

Completion of this RD/DTR profession-specific or IPCE activity awards CPEUs (One IPCE credit = One CPEU). If the activity is dietetics-related but not targeted to RDs or DTRs, CPEUs may be claimed which are commensurate with participation in contact hours (One 60 minute hour = 1 CPEU). RDs and DTRs are to select activity type 102 in their Activity Log. Sphere and Competency selection is at the learner's discretion.

This activity is supported by an educational grant from **Mead Johnson Nutrition.**
